**Notes**

According to the company business, the figures presented in the "Revenue" column are related to Net Revenue from Sales/Services, Revenue from Financial Operations or Operations Revenue.

The data in the "Number of Shares" column is related to the total number of shares of which the paid-in capital is comprised, excluding shares in treasury, at the end of financial statement.

Financial Statements in full reported by the companies by Empresas.Net System, from which were obtained these data above, is available on our website (in "Listed Companies"/"Financial Reports").
